

JinkoSolar Signs Supply Agreement for Energy Storage System with Powerchina Jiangxi Electric Power Engineering Co., Ltd.

Recently, JinkoSolar, one of the largest and most innovative solar module manufacturers in the world, has signed a supply agreement with Powerchina Jiangxi Electric Power Engineering Co., Ltd. to provide 51MW of mono-crystalline Neo N-type bifacial modules and a 6.88MWh of liquid-cooled energy storage system for the Saudi Aramco East-West Pipeline Pump Station Construction Project.

The project aims to build a new residential community near the Saudi Aramco pipeline pump station, including new reducing stations, replacing existing stations located in hazardous areas. Once completed, the community will accommodate 1,700 employees and contractors working on the project. Powerchina Jiangxi Electric Power Engineering Co., Ltd. is acting as the project's EPC general contractor.
